# HAWAII'S MEN IN THE MILITIA

## Reports Show a High Efficiency in Territorial National Guard Ranks.

When Secretary of War Root comes to make the allotment of the money of the War Department, which is paid into the funds of the militia organizations of the country, he will find a report from Hawaii which will show a high state of efficiency of the local militia. The report is that of Adjutant General John H. Soper, and goes forward at once.

The local militia has had no Government aid so far, though it has been entitled to it for the past two years. There was appropriated for the Territory during the session of Congress which ended July, 1900, the sum of \$5,000. This money has laid in the Treasury unattached since that time, and now the question is whether or not that amount as well as the allotment for the present year will be forthcoming. The annual sum to be paid into the territorial fund is about \$5,000, and the percentages of efficiency are such as to make it probable that the Government aid may be increased rather than diminished.

The report of General Soper shows that there are in the military establishment of the Territory 563 men. These are divided as to rank as follows: Staff officers, 12; line officers, 27; non-commissioned officers, 10; enlisted men, Company A, 57; Company B, 55; Company C, 49; Company D, 62; Company E, 65; Company F, 61; Company G, 58; Company H, 60; Company I, 47. The percentage of men attending the drills during the year ending June 30th was 76, while the men who attended the parades of the regiment were 81 per cent of the total number.

These facts show a most thriving state of the military in the Territory, and as the men are armed and have uniforms, there will be the more money for the use in practice, and keeping the men in proper quarters.

## Coelho at Buffalo.

W. J. Coelho is doing the honors at the Buffalo Volcano show. He presides as a kahuna over the fire and lava belching volcano in the Hawaiian side exhibit, and it is he who, attired in the height of native costume, and adorned with a long white beard, repeats mystic incantations and impressively calls upon Madam Pele, with elaborate high signs, to come and still the disturbed condition of things.

And Coelho makes it work. The beautiful Hawaiian goddess appears, the red fire dies down and both kahuna and the fire spirit are lost in darkness, until the show begins all over again. Returning residents say that the show is a very attractive one.

## Commissioner Boyd is Home.

Land Commissioner Boyd has returned from an extended visit in the Island of Hawaii, where he went to investigate the Kukua boundary dispute. The matter is likely to be settled amicably among the parties to the dispute. Mr. Boyd appears well pleased with the way the settlers are complying with the conditions of the government, in their occupation of the homestead lands. The land commissioner also considers the plan of opening the public lands in Waimea in the near future. He says that the greatest drawback to the prosperity of the people of Hawaii is the bad roads.

## Oahu Cemetery Meeting.

The annual meeting of the Oahu Cemetery was held yesterday at the office of David Dayton. The result of the election of officers was the choosing of the old staff: A. S. Cleghorn, president; J. H. Soper, vice president; David Dayton, secretary; George R. Carter, treasurer; H. M. von Holt and H. Waterhouse, trustees. The number of burials during the year was seventy-two, and the total receipts from all sources was \$2,741. There were a few sales of lots, and now there are only a few burial lots which are not held privately, and these are going fast.
